

New York, March 5.—Choice referees for the bout between Pac McFarland and Jack Britton, scheduled for Friday night, probably will be left to the state athletic commission. A dispute over the question has arisen. Britton's manager, having given notice that he would not agree to accept the club regular ring official, William Terezi, there was no question of the referee's integrity, but it was decided that in several instances he had refused to enforce all the rules of the ring. Britton at Rye Beach and McFarland at the Mott Haven Athletic club put in another day's training yesterday and declared themselves ready for the bout.

ARMSTRONG GRANTED YEAR'S ABSENCE LEAVE

**AFTER BEING RE-
STORED TO RANK OF
SERGEANT**

**Amicable Adjustment of the
Differences With the
Safety Director**

**WAS EFFECTED AT
CONFERENCE TODAY**

**Three Years' Back Pay as
Sergeant Will be
Given Him.**

**All Litigation Pending in
Courts Dismissed at
His Costs.**

TERMS OF COMPROMISE.
Patrolman I. M. Armstrong, re-
stored to the rank of sergeant in the
Lima Police Department.
Appeal case in Circuit Court on
sergeant's controversy dismissed at
plaintiff's costs.
Sergeant Armstrong granted one
year's leave of absence without pay
by Safety Director Blank.

All litigation pending between the
public safety department of the city
and Patrolman I. M. Armstrong, as
well as all differences existing be-
tween the officer and the head of the
department were amicably adjusted
early this afternoon at a conference
held at the public safety building, in
which Safety Director Blank, Civil
Service Commissioners Sherick
Drake and Dean, City Solicitor
Jackson, and Armstrong's attorney,
Kent W. Hughes, participated.

By the terms of the compromise,
agreed upon by the safety director
and Attorney Hughes, and ratified by
the city solicitor and the civil ser-
vice commission, Armstrong was re-
stored to the rank of sergeant of
police, awarded back pay to the
amount of \$3 per month, granted a
leave of absence from the depart-
ment without pay for one year from
date.

As a result of the agreement, the
appeal case now pending in the cir-
cuit court, in which Armstrong
sought to be restored to the rank of
sergeant, has been dismissed by his
attorney, as well as the civil action
in the court of common pleas to re-
cover back pay during the time that
he has been illegally reduced in
rank, both at the costs of the plain-
tiff.

Thus ends the controversy be-
tween Safety Director Blank and Of-
ficer Armstrong, which has enlivened
affairs in the department ever since
the present administration took
charge of the city's affairs. Out of
this controversy grew a personal an-
tagonism between the two officials that
has caused their official relation to
be strained, and has finally prompted
Armstrong to temporarily retire
from the service of the city, in which
he has been employed for the last
14 years.

Hughes Responsible.
The compromise effected this af-
ternoon is the outcome of a proposi-
tion submitted to Safety Director
Blank by Attorney Hughes some
days ago, which was accepted by the
safety director. Before it became
binding, however, it was necessary to
secure the approval of the city solici-
tor and the civil service commission,
which was secured this afternoon at
the joint conference.

Armstrong, it is said, would have
preferred to remain in the police de-
partment, but owing to the feeling
that exists between him and the
safety director and the chief of po-
lice, it was thought best for him to
retire, at least temporarily. Unless

there is a change in the personnel of
the city administration by the time
his year's leave of absence is up, the
possibilities are that his retirement
will become permanent.

It will be up to the city council to
finally decide whether or not Arm-
strong is entitled to the \$130 back
pay, which represents the difference
between the salary of a patrolman
and a sergeant for a period of three
years and two months, and the mat-
ter will be brought to the attention
of that body at its next regular meet-
ing one week from next Monday
evening.

Armstrong is now listed as a ser-
geant of police in the records of the
civil service commission, and any ap-
pointment to the vacancy caused by
his absence can only be a temporary
one.

Fourteen Years in Service.
I. M. Armstrong was appointed to
the Lima police department about
fourteen years ago by former Mayor
H. S. Prophet, and is the ranking
member of the department in point
of service. Nine years ago, he was
appointed sergeant of police by
Mayor Theodore Robb, and contin-
ued in that capacity until the first
of January, 1910, when he was
summarily reduced in rank by May-
or George Dyer.

Armstrong contended all along
that Dyer exceeded his rights when
he reduced him without a hearing on
preferred charges, and near the
close of his administration in the
fall of 1911, entered proceedings in
common pleas court to compel the
safety director to restore him to his
proper rank.

By the time the case was up for
hearing, Edwin Blank had succeed-
ed W. L. McClain as safety director,
and the case was dismissed because
the wrong defendant was named.
Another suit, this time naming
Blank as defendant was instituted,
and at a subsequent hearing, was
decided in favor of Armstrong.
Blank appealed the case to the cir-
cuit court, and the case was pend-
ing in that court when the compro-
mise was effected this afternoon.

Armstrong has a reputation of
being one of the most efficient mem-
bers of the Lima police department,
and has a host of friends.

Who have stood by him nobly in his
difficulties with the head of the de-
partment. He has been appointed
three times by the chief of police
during the Shook admin-
istration, but each time was restored to duty
with full pay by the civil service
commission, to which body the cases
were appealed.

However, realizing that the rela-
tions between himself and the de-
partment heads would continue to
be unpleasant, Armstrong finally
decided to quit, and his request for
a year's leave of absence made it
possible for an amicable adjustment
of the differences to be effected.

MARCH MEETING OF TRUSTEES.

Routine business only was trans-
acted at the regular monthly meet-
ing of Trustees of the Firemen's
Pension Fund, held last evening at
the office of Safety Director Blank.
It was the first meeting of a num-
ber of the members recently elected
by the four departments to repre-
sent them on the board.

FINAL ACTION TO BE TAKEN

**By Council Relative to Erie
Proposal at Special
Meeting**

**CALLED FOR
NEXT FRIDAY**

**Action of Committee of the
Whole May Yet be
Rescinded.**

Final action on the proposition
submitted to the city council by the
Chicago and Erie Railroad com-
pany through its attorneys, W. O.
Johnson, of Chicago, and James W.
Haltbill, of this city, will be taken
by the city council at a special meet-
ing called for next Friday evening
at 7:30 o'clock.

At this meeting, the council will
either ratify the report of the com-
mittee of the whole, rejecting the
proposition of the Erie, or renew
the negotiations with the railroad
company on the basis of settlement
suggested by its representatives.

The proposal of the railroad com-
pany, as has often been published in
these columns, is in substance, an
agreement to assume the entire ex-
pense of the Metcalf street subway
estimated at \$70,000, and 65 per
cent of the expense of the subway
at St. Johns avenue; also the build-
ing of a retaining wall to protect
the alley between Atlantic avenue
and the railroad, in return for all
which the city is to grant the com-
pany a franchise to lay tracks
through the city otherwise than at
grade.

By a vote of 7 to 2, the council,
sitting as a committee of the whole,
Monday evening, voted to refuse to
grant the franchise unless the com-
pany assumed the entire expense of
both eliminations.

The members of council were
served with the following notice to-
day by Clerk Lawlor:

March 5th, 1913.

To Whom It May Concern:—
You are hereby notified of a
special meeting of the city
council for Friday evening,
March 7th, 1913, subject to
the following call:

To take final action on the
proposition as submitted by the
C & E. Ry. Co. with reference
to the constructing of a second
track through the city of Lima,
Ohio.

Called by
M. W. STANDISH,
H. W. BRYAN,
JOHN P. KEVILLE,
Members of Council.

NEWS OF COURTS.

The Toledo, St. Louis and Western
railroad company, operating the
"Clover Leaf" was today made
defendant in a suit for damages to the
amount of \$15,000. The plaintiff in
this action is Thomas Plescher, for-
merly an employee.

The petition avers that the plain-
tiff was on December 6th, 1905 to
December 16th, 1910, an engineer
in full pay with the defendant com-
pany. That he was at this time
making approximately one hundred
and twenty five dollars per month
in their employ. That is was the
custom of the defendant company
when discharging an employee to give
to him a letter telling the facts of
his discharge. That the plaintiff
was wrongfully discharged on De-
cember 16th, 1910, and that at that
time he was given the following let-
ter, said also to be false:

Frankfort, Ind., Oct. 24, 1911.

To whom presented:

The bearer, Mr. T. Plescher, was
employed by this company as a fire-
man March 3, 1901; promoted to
engineer December 6, 1905; dis-
missed December 16, 1910, account
of burning engine 170, December 11,
1910, and backing into train at
Warren, extra 125 west, December
7, 1910. J. F. Clement, Supt.

The petition states that as this
letter is false, that he has wrongfully
suffered, and his chance for further
occupation as an engineer has been
so checked that he has been injured
in the amount of \$15,000. This peti-
tion was presented by Hughes and
Frisplehorn as the attorneys for the
plaintiff.

W. E. Grubb and Gregory Jen-
nings have been appointed by the
Allen County Commissioners as the
delegates for this county to meet
with the one from Putnam county
in regard to the proposed state road
according to the petition that was
recently presented by A. J. Klausung
and others. This road starts in
Marion township in this county and
continues into Putnam county.

Letters were issued by the Allen
County Commissioners this after-
noon to several of the most promi-
nent citizens of each of the town-
ships in this county, to meet with
them in one of the court rooms of
the court house on Saturday morn-
ing at nine o'clock for the purpose
of thoroughly and more carefully
discussing the proposed schemes
for the court house repair or re-
building. This meeting has been
called one hour previous to the meet-
ing of the Farmers' Progressive
club that will be held on Saturday
at the Memorial Hall. It is hoped
that in this manner some of the
opinions of the best men in the
county may be had, and that mat-
ters may come to a more suitable
issue and that some action that will
result in the very best benefit to the
county will be taken.

In the matter of the case of the
Jones Hardware Company against
the D. C. Dunn Company, which had
been assigned for hearing in the
common pleas court yesterday, an
early end arrived. The case was
called for hearing upon the opening
of court yesterday, with Judge
Klinger on the bench and a jury im-
paneled. After taking of a little
testimony, the end came. The case
had been brought to compel pay-
ment of a bill of \$247 for hardware
that the plaintiff company claimed
had been delivered to the defendant
company through an agent, one H.
W. Lewis, a contractor said to be
the agent of the defendant company.
The evidence that was brought did
not support the charges, as the
hardware seems to have been deliv-
ered to the contractor, and not to
the defendant company. The case
was brought to a close on the re-
quest of the attorneys for the plain-
tiff company, Judge Klinger instru-
cting the jury to return a verdict of
"no cause of action." This was im-
mediately done, and the case closed,
with the plaintiff assessed the costs
of the case.

THE formal opening of Braun's Rathskeller
at the corner of Main and east High streets on
Thursday evening at 6:30, promises to be one of the
events of the season. Many tables have already been en-
gaged for the occasion and a large crowd is anticipated.

For the entertainment of the public we have secured
the services of Hunter's orchestra which will discourse
sweet music. Aside from this and the elegant meals that
will be served it will be a treat to see this magnificent
restaurant, and learn that Lima really has in her confines
one of the best equipped and most up-to-date eating
places for ladies and gentlemen, in the state of Ohio.

The furnishings are of the best in Mission and the
service and decorating is all patterned after this style.

The services of a French chef and the very best assist-
ance with all first class waiters have been secured, and the
public will be royally taken care of at Braun's.

As to price after the opening: Business lunch 25c;
served from 11 o'clock until 2. At the same hours, dinner
35c. A la Carte service a specialty. On Sundays we will
prepare the finest meal possible for only 50c.

The public is cordially invited to attend our opening.
The date, Thursday evening at 6:30. Place, corner Main
and east High streets.

It is the inner part of white corn made into globules,
then puffed.

It is tiny, toasted bubbles—airy,
flaky, chocolate-colored puffs.

Crisp drops of corn, made to in-

WOLF IN FOR A LONG TERM

Mayor Shook Makes Example of Constant Visitor to His Court

OUTS HELD AS SUSPECTS.

Woman Arrested for Running Disorderly House to Have Hearing.

Worried beyond endurance by the repeated escapades of Al Wolf, the man who has a penchant for getting in trouble with the Lima police, Mayor Shook this morning determined to make an example of him, and after adjudging him guilty of drunkenness and disorderly conduct, fined him \$25 and costs.

The mayor issued positive orders Chief Earnest to see to it that Wolf gained a prisoner in the city workhouse until the fine and costs, amounting to \$28.45, were paid. The next 48 days as a member of Superintendent Workman's men on the stone pile.

Wolf started his latest jamboree yesterday evening, and reports of his drunkenness reached headquarters throughout the night. He continued spree throughout yesterday, and a few moments, during the day, did call up police station to inquire as to the health of the chief members of the department.

Last evening about eight o'clock called up Chief Earnest from the south Lima, and used abusive insulting language over the phone. The chief immediately ordered officers to arrest him, and he apprehended on south Main about 11 o'clock and brought to the station, where he was locked.

Wolf was quite penitent this morning and pleaded for clemency because of the serious illness of his sister, who, he said, was not expected to live. This plea has secured him his liberty on a number of occasions, but this morning the mayor stated that drastic action was necessary if the dignity of his court was to be maintained.

When Wolf saw that his plea avail him nothing, he became quite meek and informed the mayor he would not crack stone. The mayor then gave him the alternative of working on the stone pile or confinement on a bread and butter diet. Later, Wolf joined the men in the workhouse, and unless authorities relent, will be a prisoner until the blue birds sing off enjoys the unenviable distinction of being the first man to be incarcerated in the present city prison since which time the battle has been known among police courts as "Wolf's Den." Although he has been arrested at least 50 times under the Shook administration, he has always been able to

secure his release on some pretext or another until this morning.

Held as Suspect.
Ed Swartout, 21, and William O'Brien, 19, local youths, are being held at police station on a charge of suspicion. Detectives are on the search of evidence, which it is believed will connect them with a number of petty robberies in the city during the past few months. The young men were arrested last evening by Detectives Reed and Heffner, and will likely be arraigned before Mayor Shook some time this afternoon.

Fined for Being Disorderly.
Upon the complaint of his mother, who lives on east Pearl street, John Furry, a young laborer of this city, was arrested by the police last night. He secured his release by depositing \$8 bond for his appearance before the mayor this morning.

Furry pleaded guilty before the mayor this morning, and was fined \$1 and costs. According to his mother, he came to her house last evening to get his belongings, and became quite abusive to her, threatening her with bodily harm unless she allowed him to do as he pleased in her home.

Hearing Today.
Josephine Ward, the woman arrested last Sunday morning at her home at 210 south Union street, on a charge of conducting a disorderly house, will have a hearing before Mayor Shook this afternoon at 2 o'clock. She has retained Attorney Cloyd J. Brotherton to defend her.

The Ward woman was arrested about a month ago on a similar charge, and is now out on bond until the grand jury disposes of her case. The two couples arrested at her home Sunday morning forfeited their bonds by not appearing for trial Monday morning.

Plain Drunks.

Four plain drunks were included in the list of offenders arraigned before the mayor in police court this morning. They registered as Charles Cunningham, Pat Hanom, James King, and Jesse Wood. The latter was charged also with creating a disturbance at the Rescue Home, where he had been given lodging during the night. Each of the quartette were fined \$1 and costs each.

STOCKHOLDERS' MEETING.

A meeting of the stockholders of the Taylor Company is called at 2 o'clock p. m., March 20th, at its principal office, 526 east Penn avenue, Lima, Ohio. The purpose of the meeting is to dissolve the company and surrender its corporate authority and franchise.

MRS. BANTA IS HOSTESS

Gives Charming Dinner at the Beautiful New Lima Club

MISS ALICE THOMSON IS GUEST OF HONOR

Fashionable Women Gather Around Board to Eat.

Mrs. Frank Banta gave a dinner of handsome appointments in the ladies' compartment of the new Lima club last night, as a courtesy to Miss Alice Thompson, a bride-to-be of the early spring-time. Bride's roses, smilax, ferns, sweet peas and lilies-of-the-valley formed the decorations, being generously used. Great bowls of the roses decorated the table.

The chair at which was seated the guest of honor was done in a color scheme of green and white, as was the entire dinner. The canopied effect, so much in vogue, was used. The chair, in its white dress, had runners of the greens, caught here and there with the lilies-of-the-valley and in the canopy was fashioned a huge bell, from which hung strands of the lilies-of-the-valley, forming a pretty fringed effect. Tuile bows and satin streamers made the throne one of the most elaborate to be occupied by any bride-elect of recent date, while enjoying the attentions of her hostess. Miss Thomson occupied the place most graciously.

The place cards were miniature vases, which held small bouquets of sweet peas and lilies-of-the-valley. The favors were small suit-cases, tied with red hearts, filled with sweet-meats.

An elaborate dinner menu was served. Some beautiful gowns were worn upon this occasion. Enjoying the hospitality of Mrs. Banta were Miss Thomson, Miss Marguerite

Thomson, Mrs. Earl Swan, Miss Edith Simpson, Mrs. Harriet Holmes, Miss Pauline Weinmer, Mrs. John Cable, Miss Foreste Ireland, Mrs. E. M. Gooding, Mrs. Roy Banta and Miss Leah Hay.

Quite complete in every way is the service and equipment at the new Lima club. The ladies were lavish in their praise of the new place, which bids fair to be very popular in the future for entertaining on an elaborate scale. Mrs. Banta has the honor of being the first lady to entertain at the club, with a large social affair and Miss Thomson, the guest of honor for whom this delightful dinner was given.

BLUFFTON.

Mr. F. Gore of Findlay was in town Friday evening.

Mr. and Mrs. Bert Mann and son Maynard of Howersville, who have spent the winter at San Antonio, New Mexico, are expected here this week to spend several days before returning home.

Prof. and Mrs. Guy C. Latchaw and daughter Marcella of Findlay were guests of H. R. Lugbill and family Monday.

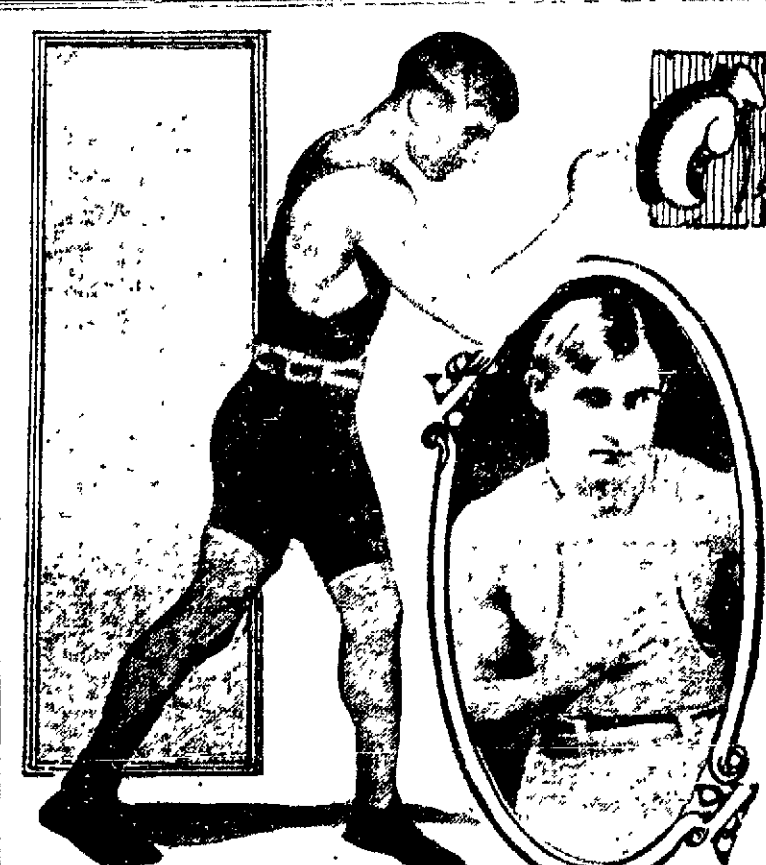

Mrs. A. D. Lugbill and Mrs. H. R. Lugbill were Lima visitors Saturday.

The Travel class will meet with Mrs. Harold B. Ford, Wednesday.

Henry Zehbach purchased the 109 acre farm owned by Roy Ewing, Saturday, paying \$154 per acre for it.

Miss Mafie Casinger spent Sunday at her home near Pandora.

Mr. Sturm, cellist and Mr. Leighton, pianist, were entertained by Mr. and Mrs. W. J. Staeger during their stay in Bluffton.

Billy Papke.
When Papke and Klaus meet in Paris to battle for the world's midweight championship they will hear plenty of shouts from American fight fans. The promoters of the match announce that seat reservations for the big mill have been pouring in from Americans in all parts of Europe. It is expected that the gate will be in excess of \$40,000.

In this way, many Indians being deplorably poor, and receiving a mere pittance from dealers for their beautiful and artistic products. Besides benefiting the Indians, one will add largely to his knowledge of the Indian and also help the fund for a reading room in the new high school building. This will benefit every family in Bluffton. The admission will be only ten cents, so that fathers, mothers and children, all, may attend. There has never been an entertainment like this in Bluffton, or vicinity and may never be again. So let every one attend this one.

The funeral services for Mrs. George Lewis were held at her late home on Spring street, Monday afternoon, at one o'clock. Mrs. Lewis was a member of the Daughters of Rebekah and of the Macabees. The funeral sermon was delivered by her pastor, Rev. Hurdley, of the Lutheran church. The immediate family who mourn the loss of a true and loving wife and mother, are her husband, George A. Lewis, Miss Gertrude Lewis, of Ashtab, Michigan, Mrs. Bertha Fifer, of Cymore, and Mrs. Lou Smith, of Kallida.

A surprise party was given for Mrs. Nettie Hodge Monday evening. Mr. and Mrs. Julius Wise entertained a party of friends at cards Tuesday evening.

Best Known Cough Remedy.
For forty-three years Dr. King's New Discovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. Isn't this proof? It will get rid of your cough, or we will refund your money. J. J. Owens, of Allendale, S. C., writes the way hundreds of others have done: "After twenty years, I find that Dr. King's New Discovery is the best remedy for coughs and colds and all throat and lung troubles. It has no equal. 50c and \$1.00 at H. F. Vorkamp's."

THE WEATHER.
Columbus, O., March 5.—Forecast for Ohio: Unsettled weather with rain or snow tonight; snow near Lake Erie Thursday; much colder Thursday.

Governor Cox has given strict orders that the appropriations of the general assembly must not exceed the receipts, and State Treasurer Brennan and Auditor Donahay are to see that this order is complied with. In the years 1909 and 1910, the closing ones of a long continuous republican regime in the legislative branch, the appropriations exceeded receipts \$1,500,000. In 1911 and 1912 receipts were \$1,000,000 in excess of disbursements, and that was during a democratic administration. The record will be even better during this administration.

A GRAVEYARD.
What has made the office of mayor of New York a political graveyard? Why does it invariably wreck the public career of every man who attains it? This is the most baffling mystery of American politics.

For more than 40 years no mayor of New York has advanced one step politically beyond the City hall. Men like Hewitt and Low brought brilliant records with them when they took the office, but they carried no brilliant records away. Even their very unusual ability and character were not strong enough to stem the tide of adversity. And now poor Gaynor is going the way of McClellan, Van Wyck and the rest, chattering himself blithely into oblivion. To be elected mayor of New York seems to be a form of political suicide. We cannot understand why mayor after mayor has dwindled from greatness to obscurity, why man after man has fallen so lamentably to measure up to his opportunities. But set against all theories are the inexorable facts. Not only does each mayor fail, but for his own edification, each mayor seems to invent a new method of failure.—New York World.

There is in the senate treasury a balance of \$7,926,618.88, an amount \$1,067,122.62 in excess of what was to the credit of the commonwealth a year ago, according to State Treasurer Brennan. In two years, and during a democratic regime, the treasury balance has grown \$2,377,315.52, and corporations have contributed practically all. Since the competitive bidding plan for awards of state money was placed in operation more than \$680,000 of interest was earned.

This increase was brought about by increases from several sources, the largest and most important being that from the corporation capital stock and excise taxes. In two years, from 1910 to 1912, the capital stock and excise taxes, the former paid by private and the latter by public service corporations, were augmented \$1,500,000.

Arrangements are being made for the re-awarding of this vast sum of money in accordance with the state

depository law. On Monday, March 17, this money will be awarded to the banks and trust companies that make the highest bids for the same. A letter of instruction and blank forms will be mailed all state and national banks early this week. The bids will be opened at the treasurer's office and persons interested are invited to attend and witness the tabulating of the bids. On March 20, 1911, about \$5,000,000 was awarded, and it is estimated that \$6,500,000 will be available for deposit this year.

The failure of the argument of republicans that competitive bidding would concentrate all the money in the cities has been shown by actual experience. The state money is on deposit in 224 banks scattered throughout 71 of the 88 counties. The average held by each is \$32,000.

NEWSPAPERS AND SCHOOL EDUCATION.

Several years ago John Borleg strongly advocated the intelligent use of good news papers in school rooms, colleges and libraries. The idea is becoming popular. In the better schools of journalism current news and current editorial discussion, as well as literary and dramatic reviews, are now regularly used. In high schools progressive principals and superintendents are finding the same practice stimulating and profitable.

It is recognized more and more that pupils of a certain age dislike dry and pedantic dissection of classics while responding to the appeal of power and beauty in literature. It is also recognized that pupils are interested in the men, things and developments that their parents and older relatives and friends discuss and read about in newspapers and magazines. Wherever possible current news and opinions should be treated in school rooms as illustrative or interpretative of certain principles—moral, social, historical.

We teach civics, politics, economics and sociology in our secondary schools and colleges. Illustrations drawn from actual life are significant and illuminating. What the case system is in the teaching of law the use of fair and accurate newspapers, weeklies and magazines should be in the teaching of civics and politics.

In libraries properly selected newspapers and magazines are in great demand. It is a legitimate demand that should be encouraged. We cannot know too much about our own time and our own problems, and to bring all knowledge to bear on current things, to show the relations between past and present, is to promote true culture as well as sound progress in practical affairs.—Chicago Record-Herald

TAPS SOUND FOR VETERAN

Wesley Z. Lewis Succumbed to Bright's Disease This Morning.

FUNERAL SERVICES TOMORROW MORNING

Deceased Was Member of the First Post of the G. A. R.

Wesley Z. Lewis, 75 years of age, passed away at his home at an early hour this morning. He lived with his wife on the Elida road, about three miles west of this city. Wesley Lewis was a veteran of the Civil war, and one of the first members of the Grand Army of the Republic. He was a resident of New York state at the time that the war broke out, and was enlisted there in the services of his country. He was a member of the fifteenth regiment of the New York engineers. After the end of the war, he remained for a long time in New York state, and part of the time in New York City. While there he was a member of G. A. R. Post No. 1, the first one organized. He has been a resident of Allen county for a number of years. For some time past he has been not in the best of health, his death from Bright's disease having been preceded by a serious condition for three weeks. He was injured while boarding a car some little time ago, near his home. He leaves to mourn his loss his wife, and one daughter, who is married and makes her home in New York state. The funeral services will be held Friday morning at nine o'clock, from the late residence. The Rev. Well will have charge of the services, and interment will be made in the Woodlawn cemetery.

MURDER OF MISS SINGER FASTENED ON CRAMER BY WIFE'S TESTIMONY

Chicago, March 5.—Plans for the defense of Charles Cramer and his wife on trial charged with the murder of Sophia Singer of Baltimore went awry today when Mrs. Cramer took the witness stand and repudiated the confession given to the police at the time of her arrest. Her testimony came as a surprise to her attorney, George Remus. Remus had announced that his client was innocent and would prove her innocence, regardless of the fate of her husband, by telling a true story as she had previously given it to the police in her confession. Cramer's confession, which he repudiated yesterday, absolved the woman from any part in the murder. The woman denied every material point in her alleged statement to the police and her testimony at the inquest. She declared she did not tell the police that she heard a scuffle in a bed room at the rooming house where the murder was committed, later going in and finding Miss Singer's body on the bed. She swore that she kissed the murdered woman good bye and left the house at least two hours before the commission of the crime and declared the identification of the sweater and handkerchief found in the room as belonging to her husband was false. She asserted that she and her husband left the house together before the murder. In other details of her testimony she sustained the testimony of Cramer. Witness said she was born in Chicago 28 years ago but never knew her parents. When quite young she became a chorus girl with road companies and at amusement parks. She met Sophia Singer at Baltimore, the latter's home, six years ago. After terminating an engagement at the Zoo in Baltimore, the witness did not see Miss Singer until last summer when the latter came to Chicago. She said she met Cramer about two years ago when she was with an animal show and he was a high diver. They were married on June 11, 1911, in Alton county, Ind., by William A. Hanks. "Hanks performed this ceremony as a justice of the peace," said the witness, "but I was informed later that his term had expired before the date of our marriage and that therefore it was not legal." Cramer was at Muncie, Ind., when his wife and Miss Singer met in Chicago by appointment. They selected an apartment at 2447 Indiana avenue and Mrs. Cramer wrote a letter to her husband telling him to come to Chicago. Subsequent efforts to dislodge them were futile. As a result many boarded wrong trains. The scenes in the station were tumultuous. State troops and marching clubs made the big building resound with the blare of their bands. Women fainted in the crush. To make matters worse the supply of drinking water, although ample, could not be utilized freely because of the law against the use of the common drinking cup. Some genius used the butt of his musket to smash into fragments the glass front of a container of the individual paper cups and his lead was followed. All were wrecked. It was estimated that upward of 300,000 persons witnessed yesterday's ceremonies. By tonight the greater portion of this vast crowd, it is expected, will be on its homeward way. The railroads had prepared for the strain to which their traffic arrangements would be put and the extensive terminal yards were blocked with cars, while panting engines were held in readiness to move them. With an army of men engaged in cleaning the streets and another army leveling grand stands and tearing down decorations, the capital began to resume a normal appearance. Throngs of visitors, reluctant to leave, were in evidence early at the White House, hoping to get a glimpse of President Wilson. Another curious crowd jammed the corridors of the capitol waiting for the doors of the senate galleries to open, that they might witness the special session of that body, the first of the new congress.

MEXICANS TO BLAME FOR BORDER FIGHTING SAYS GENERAL BLISS

Washington, March 5.—Mexican troops were responsible for the latest border fight near Douglas, Ariz., with troops of the night cavalry, by firing the first shot, according to a report today from Brigadier General Bliss at Fort Sam Houston. He says Colonel Guilfoyle reported that an armed body of Mexicans, apparently Yaquis, moved out of Agua Prieta yesterday morning, deployed and fired a few shots at a detached post about 1,000 yards south of the camp on the boundary. An American machine gun replied with five shots and the Mexicans retired toward Agua Prieta. Colonel Guilfoyle makes no mention of any casualties, but says he has now two troops with a machine gun on observation at the points where the trouble occurred. He says no cause is known for the attack as no provocation of any kind was given by the American soldiers. General Bliss reports he has instructed Colonel Guilfoyle in case of a further attack not to return fire unless it is necessary to protect life on the American side. He also has cautioned him to keep his men under cover as far as possible, so as not to invite hostile acts from irresponsible parties. Detailed reports which have reached the state department of the first collision, between American troops and Mexicans near Douglas, Ariz., make it appear that this was the work of Maderistas, and that while the Mexican federal forces were not at first involved, they were in the end drawn into the long range musket duel and only one person was wounded.

IN GOLD GRAY DAWN OF MORNING AFTER WASHINGTON MOANS

Washington, March 5.—The national capital with a "next morning" headache, awoke today to find streets littered with debris after the inauguration parade, workmen already engaged in tearing down stands and decorations, and visitors filtering out like the sands in an hour-glass. Thousands of weary celebrants already are homeward bound, for during the night train after train departed filled to overflowing, for the north, south, east and west. Riotous scenes attended the exodus in the early hours of the day, tired and impatient travelers at the Union station rushed the thin line of police, brushed them aside and tore down the iron-barred gates that led to the train shed and the long lines of waiting railroad coaches.

Remarkable Catarrh Cure
Get Right into the Affected Parts and Scope Gathering in Eyes, Nose, Throat and Lungs.

By a long series of elaborate experiments at the Swift Laboratory it is definitely known that catarrh can be cured by the simple process of inoculating the blood with antitoxic remedies that stop inflammatory conditions throughout the mucous linings of all the organs of the body. This is done with the famous Swift's Sura Specific, or as it is widely known, S. S. S. It is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, comes through all the veins and arteries, enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectively cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure blood-making materials to enter the intestinal canals, and with these food elements to enter the circulation in less than an hour. You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores at \$1.00 per bottle. It is a remarkable remedy for any and all blood affections, such as eczema, scabies, lupus, tetter, psoriasis, boils and all scaly, itchy conditions. For special advice on any blood disease write in confidence to The Swift Specific Co., 131 Swift Bldg., Atlanta, Ga. Do not delay to get a bottle of S. S. S. at your druggist.

THE IDLER.
Cards were issued on Monday by the entertainment committee of the Lima Lodge, No. 91, Knights of Pythias, inviting all the members to a stag social at the Castle hall on the evening of March 11. Special mention is made that visiting Knights will be welcome. A most interesting and beneficial meeting of the Shawnee Grange was held last evening at the Township house. Louzo McClain the master of the Grange, was in charge of the meeting, and everything moved along with a precision that tended to increase the pleasure of the evening. Several excellent speeches were the feature of the evening, and were among the best that have been heard at the meeting of the grange for some time. Special music by a trio of boys, consisting of Harry Yoakum, Harold Sautter and Lester C. Clum were a very much enjoyed part of the program. There were two talks of the evening that were of special import. One was by Elias Bowsher on the "Buckeye Boys' Corn Contest." His remarks were most appropriate, and he paid a tribute to this class of work and the real worth and value of the interest in better farming that such innovations are breeding. The other talk, which was most ably given by C. W. Burkhardt, was relative to the leaving of the farm of large numbers of the younger generation, the causes thereof, and possible cures for this growing desire. He assigned a large number of causes, all contributory, and including a lessening of community interest, a decay of social life in the country, a lack of the proper procedure in the church and religious activities, an inadequacy of certain departments of the country schools, and to the poor condition of many of the country roads. His remarks were well taken, as they were well chosen.

MEETING IS CALLED
Of Township Trustees and Road Superintendents With Commissioners.
MARCH FIFTEENTH IS THE DATE SET.

Ought Allen County Ask for State Appropriation for Roads

A call was yesterday issued from the office of the Allen county commissioners summoning all of the trustees of the various townships of the county, along with the township road superintendents to meet with the county commissioners on the morning of Wednesday, March 19, at ten o'clock. At that time the matter of the making of an application for funds from the state for the repair and upkeep of the roads within the county will be made, as well as other business relative to the highway proposition. This meeting is called once during each year. Last year at the meeting it was decided that Allen county would not make the application to the state, as it carries with it an acknowledgement of a willingness to duplicate the amount of the state appropriation by the county itself, and this amount is to be used solely upon the improvement of the inter-county roads. Just what the action that will be taken this year will be cannot be surmised at this time. The past discussion of the necessity of the improvement, care, and upkeep of the inter-county roadways was given a very thorough airing at the time of the proposed amendment to that effect that was made by the constitutional convention, and subsequently defeated by the vote. If it seems to be the sense of the meeting that Allen county can afford to pay about twenty thousand dollars for the improvement of the highroads between counties, or if there will be about this amount spent on these roads out of a larger amount to be expended upon all roads, then it would be logical to take advantage of the offer of the state. A letter has been received from James A. Marker, the state commissioner of highways to the effect that the amount that has been incorporated in the proposed legislation before the Ohio legislature is twenty thousand dollars. This money is to be expended, according to the provisions that have been made for its appropriation, on roads solely in the county and without the corporation lines of cities, towns or villages.

LYRIC THEATRE.
Nothing but the highest approval has been paid the bill at the Orpheum, of which tonight is the last performance. After the two shows at 7 and 9 o'clock this evening it will be but a memory, but lovers of high-class vaudeville will remember it as one of the very best ones they have seen at the Orpheum since it was opened seven years ago.
Mr. and Mrs. Thornton Friel win a place in every heart with their "At Economy Junction." It is filled with comedy, clean comedy, wit, pathos just sufficient to spice it nicely and is cleverly staged. Reiff, Clayton & Reiff are still remembered for their fine work of three seasons ago and their eccentric dances are up to the minute and funnier than ever. The DeLeons have a remarkable act and a gymnastic family they take a back seat to none.

MATRIMONIAL BILL
FINDS MUCH FAVOR.

Jim Crow Measure Out-

Offspring From Cross-
Marriages Not Desired
by Either Race.

Columbus, O., March 5.—In a let-
ter to Senator John A. Cunningham,
chairman of the senate agricultural
committee, in answer to a request
for information, State Dairy and
Food Commissioner E. S. Shrode to-
day took a strong stand in favor of
the recently enacted law making his
office appointive by the governor in-
stead of elective by the people, and
in favor of the administration's bill
before the legislature which
would create an agricultural com-
mission.

He declared in his letter that he
did not believe that the petition for
referendum vote on the dairy and
food commissioner short ballot bill,
being circulated by the Ohio
grange, will be signed by many
persons in the state, when they get
information that this is only the
first step to retain the office in the
control of the agricultural interests
of the state.
Speaking of the agricultural com-
mission bill, he stated that under its
visions the duties of the commis-
sioner would be taken
out of politics.
Only one other state in the union
has its dairy and food commis-
sioner appointed by the governor.
Efficiency and not political in-
fluence determines in the selection
of food officials in
other states," he said. "Only
Ohio has it been made a political
issue. Only in Ohio do we kick
dairy and food commissioner out
of office when he becomes pro-
ficient."

One Vote Margin.
With a margin of only one vote,
the lower house of the legislature
today advanced to final consideration
the "Jim Crow matrimonial bill" in-
troduced by Representative Ruppert,
of Cincinnati, which would
prohibit the intermarriage of whites
and negroes and whites and Chinese
should it become a law.

The bill was introduced early in
the session, and is said to have re-
sulted from reports concerning
Jack Johnson, the negro prize-fight-
er and his pretty white wife. Rep-
resentative Reid, of Fayette county,
the republican floor leader of the
house, opposed the bill on the
ground that it would tend to create
a stronger race prejudice.

Representative Ruppert, the au-
thor of the bill, declared that off-
spring from negroes and whites are
outcasts from each of the races, and
that they have no place in society.
Representative Deaton, of Miami
county, a physician, stated that mu-
lattoes cannot withstand diseases
like the full blooded members of a
race and that a majority of mu-
lattoes die of tuberculosis before they
are 40 years of age.

The house also placed its stamp
of approval upon the bill of Senator
Gallagher of Madison county, which
authorizes the establishment of
county experiment stations, by pass-
ing it to third readings. The bill
would require that such stations be
placed under the direction and su-
pervision of the state experiment sta-
tion at Wooster.

Because of alleged conflicting lan-
guage employed in the measure,
Representative Bigelow's bill which
would allow street railway com-
panies to build car lines in streets
without the consent of the property
owners, and which would thereby
give the residents of Bond Hill, Cin-
cinnati, a car line to the city by way
of Reading road, was referred back
to Mr. Bigelow by the house today.

The Cincinnati representative was
given authority to report his bill at
any time.
Representative Duffey, of Toledo,
introduced an amendment to the
bill, which would prohibit the build-
ing of a car line to one side of Col-
lingwood avenue, Toledo, from Cen-
tral avenue to Cherry street, and
which would allow a track in the
center of the street only upon con-
sent of the owners of 50 per cent of
the property.

ARRANGE TO CALL BAPTIST PASTOR.

The members of the South Lima
Baptist church will meet tonight for
the purpose of considering the call-
ing of a pastor.

Since the resignation of Rev. W.
A. Rupert on October 1, the church
has had no regular pastor, the pul-
pit from Sunday to Sunday being
filled by a pastor from abroad. On
last Sunday R. W. Selman, a student
from the Louisville Theological Sem-
inary, was present and favorably im-
pressed the large congregations that
heard him. He is a young man of
promise, and while not yet ordained,
may be called to his first pastorate
here.

Rev. E. C. Parkinson, of Fostoria,
O., is another speaker who made
many friends during his recent visit
here, and who will no doubt receive
favorable consideration.

Challenge Must be Accepted
by the New York
Yacht Club.

London, March 5.—A challenge
by the Royal Ulster Yacht club for a
series of races for the America's cup
to take place in 1914, made on be-
half of Sir Thomas Lipton, is on its
way to America. It will reach New
York on the Oceanic today or tomor-
row.

The challenge is for competitions
under the old rules.

Sir Thomas Lipton, who has just
returned from America, when ques-
tioned on the subject today, said
there was no doubt of the accept-
ance of the challenge. The New
York Yacht club, he added, has been
notified both by the Royal Ulster
Yacht club and Sir Thomas Lipton
personally of the dispatch of the
challenge.

Sir Thomas Lipton expressed con-
siderable surprise when asked this
morning about the truth of the re-
port that a challenge for the Amer-
ica's cup had been sent to New
York. He had endeavored to keep
the matter secret until the delivery
of the challenge to the New York
Yacht club.

"For reasons of courtesy," Sir
Thomas regretted that he was com-
pelled to withhold some of the de-
tails.

Sir Thomas admitted, however,
that his prejudice against the old
"deed of gift" rules had been over-
come and that he had challenged
for a series of races under the old
conditions.

The British sportsman expressed
the hope that with luck on his side
he would win the race, adding that
he wanted to do it without being
the recipient of any favors.

The deed of gift, however, Sir
Thomas said, provides for a boat
from 65 to 90 feet in length.

As to the skipper of his yacht Sir
Thomas said:

"You know Captain Sycamore has
been sailing Shamrock IV, in inter-
national and local races in Europe
for several years and I have an-
other of my American captains at
call. Besides, I have my usual
crew of racing men."

Sir Thomas added that it was
necessary to put off the race until
1914 as it would take him all that
time to build his yacht and get
ready. He might, he said, build
two yachts. The present Shamrock
IV is also a possibility. It won
seven out of eight international
races in which it competed in Ger-
many last season and twenty-three
out of thirty local races.

Forced to Accept.
New York, March 5.—The report
of a fourth challenge from Sir
Thomas Lipton for the America's
cup under conditions which compel
its acceptance was received with
much interest today at the New
York Yacht club, although official
notification either by cable or letter
was lacking. With the receipt of
the formal challenge it will be
acknowledged forthwith and the
matter laid before the next meeting

WHITE STARS VS FT. WAYNE

Local Aggregation Walked
Away With One-Sided
Contest.

VISITORS FAILED
TO FIND BASKETS.

Passing of Each Team Was
of Most Creditable
Character.

The basket ball game at the audi-
torium last evening, between the
Lima White Stars and the St. Marys
team, from Ft. Wayne, was some-
what of a disappointment. The local
team was so much superior to that
of the visitors that there was little
contest, and after the first few min-
utes of play everything went in the
Lima direction. The visitors started
off strong, particularly with their
passing, but were unable to locate
the basket. Shot after shot was
missed by them, and they were slow
to improve in this as the game pro-
gressed. The passing of the visit-
ing aggregation was of the finest
calibre, slowing up somewhat as the
evening passed, and the slippery
floor took the strength out of their
team and their inability to score
sapped their enthusiasm.

The White Stars were everywhere,
scoring at will and shooting their
baskets from almost any angle of
the floor. Their passing under the
basket was superb, and the manner

in which the men nearest the basket
were supplied with shots truly cred-
itable. For the first part of the
game the crowd took a great inter-
est, but as the Lima score piled up
far out of the reach of the oppo-
nents, the game lost much of its at-
traction.

The entire Lima team deserved a
great deal of credit for the manner
in which they played as a team,
seeming unaware that they were in-
dividuals.

SUCCESSFUL CONVENTION

Of the Laymen's Missionary
Society is Assured for
This City.

BIG EVENT OPENS
TOMORROW MORN

Closing on Friday Evening
With Rousing Banquet
for Men.

Indications point to the belief that
when Memorial hall is thrown open
Friday evening for the big banquet,
which will be the closing feature of

the Laymen's Missionary movement,
nearly 1,000 men, prominent in every
walk of life, will be seated around
the table. Registrations are coming
in nicely and the men of each of the
city churches are leaving no stone
unturned to have their body repre-
sented by as many men as possible.

One dollar pays the registration
fee, admitting the holder to the ban-
quet and to a reserved seat at all the
sessions of the convention. No one
will be admitted to Memorial hall,
Friday evening, who has not a tick-
et. At 7:15 the doors of the balcony
will be thrown open, that women
may hear the after-dinner speeches.
The banquet is at 8:30 o'clock. The
speaking will begin at 7:30 o'clock.

The convention, which is of world
wide importance, will open Thursday
morning in the Market Street Pres-
byterian church, where all the ses-
sions save the banquet will be held.
The meeting is strictly for men, but
women will be admitted to the bal-
conies at the church.

So great will be the crowd, it is
expected, Thursday evening, that
overflow meetings are under arrange-
ment, so that all who did not regis-
ter and wish to attend, may do so.
Lima will have within her gates,
beginning with this meeting, some of
the most prominent divines in the
world, a number of whom have
worked in foreign fields and are
just over from the eastern countries.
An unusual thing about the whole
convention is that no money will be
sought and no collection taken. The
one dollar registration fee pays for
all and the convention will be for
the purpose of work, not for collect-
ing any funds of any kind.
Outlying towns are also taking ad-

vantage of the convention and at the
banquet table and many of the day
sessions, men from the towns adja-
cent to Lima, will be present. In a
number of cases, special cars have
been chartered over the electric
lines and will bring in big delega-
tions to Lima to attend.

The religious gathering is by far
the biggest thing which Lima has
had within her gates. In many a
month.

The Cause of Rheumatism.
Stomach trouble, lazy liver and
deranged kidneys are the cause of
rheumatism. Get your stomach, liv-
er, kidneys and bowels in healthy
condition by taking Electric Bitters,
and you will not be troubled with the
pains of rheumatism. Charles B.
Allen, a school principal, of Sylvania,
Ga., who suffered indescribable tor-
ture from rheumatism, liver and
stomach trouble and diseased kid-
neys, writes: "All remedies failed
until I used Electric Bitters, and
four bottles of this wonderful rem-
edy cured me completely." Maybe
your rheumatic pains come from
stomach, liver and kidney troubles.
Electric Bitters will give you prompt
relief. 50c and \$1.00. Recommended

Sage Tea Beautifully Darkens the Hair When Faded and Gray.

MIXED WITH SULPHUR MAKES
HAIR SOFT, LUSTROUS AND
CURES DANDRUFF.

The use of Sage and Sulphur for
restoring faded, gray hair to its nat-
ural color dates back to grandmoth-
er's time. She kept her hair beau-
tifully darkened, glossy and abun-
dant with a brew of Sage Tea and
Sulphur. Whenever her hair fell out
or took on that dull, faded or streak-
ed appearance, this simple mixture
was applied with wonderful effect.
But brewing at home is messy and
out-of-date. Nowadays skilled chem-
ists do this better than ourselves.
By asking at any drug store for the
ready-to-use product—called "Wye-
th's Sage and Sulphur Hair Rem-
edy"—you will get a large bottle for

about 5 cents. Some druggists make
their own, which is usually too sticky
to insist upon getting "Wyth's,"
which can be depended upon to re-
store natural color and beauty to
the hair and is splendid for dandruff,
dry, feverish, itchy scalp and falling hair.

A well known downtown druggist
says his customers insist on Wyeth's
Sage and Sulphur because they say it
darkens so naturally and evenly that
nobody can tell it has been applied—
it's so easy to use too. You simply
dampen a sponge or soft brush and
draw it through your hair, taking
one strand at a time. Do this at
night and by morning the gray hair
disappears; after another applica-
tion or two, it is restored to its nat-
ural color and looks glossy, soft and
abundant. H. F. Vorkamp.

COLUMBUS GROVE.

Columbus Grove, O. March 5.—For the occasion of the Laymen's Missionary movement, there is every indication Columbus Grove will be represented by from fifty to one hundred men at the sessions and at the closing banquet in Lima on Friday evening. Registrations are coming in nicely to the committee, practically every church to be represented.

Miss Ruth Cere, who is attending the Episcopalian school at Sweet Briar, Virginia, will return to spend Easter with her parents, Mr. and Mrs. George W. Core.

Miss Helene Vale, daughter of Mrs. Jean P. Vale and a former Columbus Grove girl, is now a member of the Buhler-Sabine players, which are arranging to put on a season of stock at the Auditorium in Toledo. They opened Monday night in "The Greyhound." Miss Vale was formerly a member of the Lyceum stock company in Toledo, and last summer played with the Keith stock company in "Are You a Mason?" Miss Vale formerly appeared in vaudeville.

S. Sakemiller, who had recovered from his recent illness, is again confined to his bed. Mr. Sakemiller is suffering from a complication of diseases.

The Pythian guild will meet Thursday afternoon in Pythian temple, with Mrs. Ralph P. Killen and Mrs. J. M. Kuan as joint hostesses. An interesting program will be given and the afternoon will close with the serving of a delicious luncheon.

The Woman's Foreign Missionary society of the Methodist church was entertained Wednesday afternoon at the home of Mrs. A. A. Starkweather. The program as scheduled in the year book, was carried out.

Mrs. Jesse Bush is visiting with her daughter, Mrs. William Kissell of Atolia.

The Woman's Missionary association of the United Brethren church will meet Thursday afternoon at the home of Mrs. Wilbur Sanders. Mrs. Lantz, Mrs. E. R. Downing and Mrs. Roberts will assist. Mrs. C. N. Crabbs will be leader. The annual election of officers will be held, at this time.

Dr. and Mrs. D. A. Elwell of Toledo, are the parents of a little son, the second child born into their home. Both are boys. The mother was, prior to her marriage, Della Turner.

Mr. and Mrs. J. H. Pushong have returned from a visit of a couple of months with the family of their son, C. R. Bushong, of Troy.

The revival services, which have been in progress at the Christian church, conducted by the pastor, Rev. W. G. Kershner, and his brother, Rev. Clark B. Kershner, will be brought to a close Sunday evening, it is expected. Considerable interest has been manifested and much good accomplished.

The Christian Endeavor society of the Presbyterian church held a social Tuesday evening in the parlors celebrating inauguration day. A silver offering was left as a benefit for the society.

The regular fortnightly meeting of the Ideal Embroidery club will be held this week with Mrs. J. J. Kissell. Mrs. Frank T. Ward has recently been admitted to membership in the club.

Mrs. Carl Fruechey is visiting her parents, Mr. and Mrs. J. M. Beck of Toledo.

William Huber, who has been living on the W. M. Cook farm, has moved to Columbus Grove and is living in the property owned by Roy Barnett, in the south part of town. George Downing, agent for the Ohio Electric railway, is recovering from an attack of measles, which has confined him to his home for several days. Mr. Downing is now able to assume his duties.

YOUNG ACTOR HAS HAD RAPID RISE

Leading Man in "The Iron Door" at the Faurot Tonight Has Come to the Front Early.

Corliss Giles, who was chosen by John Cort to play the principal role in Allan Davis' drama, "The Iron Door," which will be seen at the Faurot this evening, may be said to be a striking example of the modern young man who comes to the front by taking advantage of all his opportunities. Mr. Giles, who is a young man under thirty, has been a stock leading man at the Duquesne Theatre, Pittsburgh, during the past winter. It was there that Mr. Davis' play was first presented, last fall. Mr. Giles enacted the role he is now re-creating on that occasion. One afternoon Byron Ogley, the well-known director and adapter, dropped in to take a look at Mr. Davis' play. What impressed him quite as much as the drama itself was the work of Mr. Giles as "Jim" McGill. When Mr. Cort decided to give the piece a metropolitan hearing, therefore, he chose Mr. Giles for the part, in spite of the fact that there were several other well-known and higher-priced players seeking it. Mr. Giles began his stage career eighteen years ago with John Craig in Boston. He has played long and successful stock engagements in Cleveland, Minneapolis, Des Moines, Pittsburgh and Boston. He also acted principal parts on the road for several seasons with Rev. Beach's "Going Home" and "Quincy Adams Sawyer."

Russ Whittall, who will play the Judge in Allan Davis' drama, "The Iron Door," which will be seen at the Faurot this evening, is remembered particularly for his remarkable creation of Justice Prentice in Augustus Thomas' drama, "The Witching Hour," with John Davis.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Dr. J. C. Fletcher*. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of infants and children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Lameness

Sloan's Liniment is a quick and reliable remedy for lameness in horses and other farm animals.

"Sloan's Liniment surpasses anything on earth for lameness in horses and other farm animals. I would not sleep without it in my stable."—Maurice Doyle, 602 West 14th St., New York City.

Good for Swelling and Abscess. Mr. H. M. Gress, of Lawrence, Kan., writes: "I had a mare with an abscess on her neck and one on her side. Sloan's Liniment entirely cured her. I keep it all the time for galls and small swellings and for everything about the stock."

SLOAN'S LINIMENT

is a quick and safe remedy for hog cholera.

Governor of Georgia was Sloan's Liniment for Hog Cholera.

"I heard Gov. Brown (who is quite a farmer) say that he had never lost a hog from cholera and that his remedy always was a tablespoonful of Sloan's Liniment in a gallon of slop, decreasing the dose as the animal improved. Last month Gov. Brown and myself were at the Agricultural College building and in the discussion of the ravages of the disease, Gov. Brown gave the remedy named as 'unfailing'."

Make Room for Labor in Cabinet

(Continued from Page 1.)
places will be filled with new men within a short time.

While the president expected to send to the senate today his nominations for the cabinet he will delay announcement of the selection of assistant secretaries.

No Time Killing.
Office-seekers will not be permitted to take up the time of the new president. He issued a statement today declaring that applicants would have to address themselves to the heads of the different governmental departments unless the president sent for them.

The president's statement was as follows:

"The president regrets that he is obliged to announce that he deems it his duty to decline to see applicants for office in person, except when he himself invites the interview. It is his purpose and desire to devote his attention very earnestly and very constantly to the business of the government and the large questions of policy affecting the whole nation and he knows from his experience as governor of New Jersey—where he felt it his duty to make innumerable appointments—that the greater part both of his time and of his energy will be spent in personal interviews with candidates unless he sets an invariable rule in the matter. It is his intention to deal with appointments through the heads of the several executive departments."

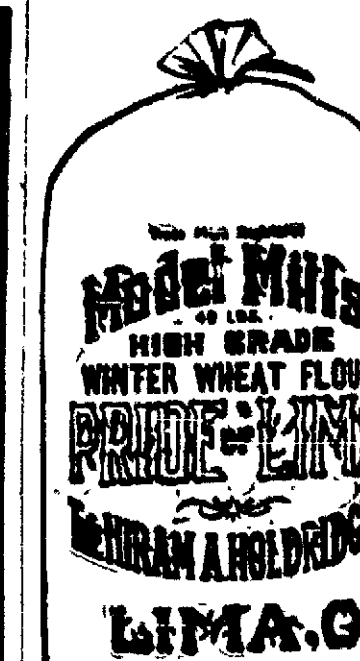

When Mr. Bryan quit the cabinet meeting and went over to the state department he hesitated after leaving the White House and started for the navy department but was intercepted. Mr. Knox greeted his successor.

Mr. Daniels was escorted to the navy department where Mr. Meyer greeted him. A similar scene was in progress at the war department when Mr. Simson introduced Mr. Garrison.

Major General Leonard Wood in accordance with the army regulations will continue to discharge the duties of chief of staff until the close of today at least. Then automatically he will be relieved from that detail and Major General Wetherspoon, the assistant chief of staff, will act as chief until President Wilson makes a permanent designation.

James C. Reynolds, the new attorney general, spent several hours conferring with Mr. Wickensham at the department of justice. The two went over most of the important anti-trust suits now in the courts and the great number of anti-trust investigations now under way.

As the new cabinet members filed out of the White House offices some

had a word to say about the first meeting.

Josephus Daniels, secretary of the navy who was the first to come and the first to leave, said:

"We had a general talk. It was fine."

William Jennings Bryan's face was wreathed in smiles.

"It was a get-together affair and we all got well acquainted," said he. "Everything was just as smooth as oil," remarked Albert S. Burleson the new postmaster general.

"It was an informal inspiring meeting," declared William G. McAdoo, the new secretary of the treasury.

"The cabinet meeting was a happy, harmonious, agreeable affair and it showed that every man had got his compasses in his veins," said Franklin K. Lane, the new secretary of the interior.

Visitors around the executive offices were numerous and Secretary Tumulty was busy greeting them on behalf of the president.

Major Newton D. Baker, of Cleveland, who declined a cabinet place, was among those who called to pay his respects.

ADDRESS HAD GOOD EFFECT

Permanent Organization of
Retail Merchants Has
Been Formed.

SECRETARY GREER
OF HAMILTON

Counsels Hearers as to the
Best Methods to Pursue
in Organization.

It required but the enthusiasm and inspiration of the address of C. R. Greer, secretary of the Hamilton Chamber of Commerce, last evening to mould into concrete form the desire for closer harmony and community of interest among some 50 retail merchants of the city, who assembled in the city council chamber last evening. At the conclusion of the address, which bristled with timely suggestions and wise counsel, an organization, to be known as the Retail Merchants' Bureau of the Lima Progressive Association, was formed, committees appointed, and other steps taken to insure an auspicious start and healthy growth of the new organization.

A committee, consisting of P. W. Crawford, of Crawford and Bowdle, William J. Diamond, of the G. E. Bluem store, Max Falk, of the Ellerman Clothing Company, Lester Schnitzer, of the Leiser Company and W. H. Pittilla, of the Pittilla Hat Company, was appointed by George J. Newson, of the Newson-Hawisher Company, who presided,

to draft a constitution and by-laws, and suggest a roster of officials to serve for the coming year.

This committee is expected to report at a meeting of the organization, to be called within the very near future.

Greer's Address.

Secretary Greer, at the outset of his address, simply proved to his hearers that he was well equipped to talk upon the subject that has been engaging the thoughts of local merchants, and backed up his statements, not by untried theories, but by cold hard facts, out of which came practical suggestions for the promotion of the work in the city.

He emphasized strongly the fact that every man who enlisted in the membership of the new organization, must throw personal desires aside, and work for the benefit of the organization and Lima. The question should not be, "How Much Am I Going to Get Out of It?" but, "What Can I Do to Make It a Success for Lima?" No one should expect to receive personal thanks or rewards, but enter into the thing for the general welfare of the city.

He told the members that they must prepare themselves to spend much time, money and energy. If they expected to succeed in the new movement, Co-operation was an essential without which no good could be accomplished, and he urged that all personal strife and ill-feeling should be forgotten, and an "era of good feeling" among the retail merchants of the city inaugurated.

Desire for pecuniary gain should not be the only object of the members, the speaker declared. Making business with pleasure should be the object of every merchant, and the duty of each one to the city, state and nation, by taking an active part in public affairs should not be lost sight of.

Advertising Grafts. Mr. Greer explained in detail how the merchants of Hamilton had succeeded by secret, but honorable methods, in doing away with the advertising grafter, who preyed upon them continually with various forms of advertising which increased the burden of expense. He added

that advertising was given to legitimate publications, and that better results had been obtained.

Price-fixing among merchants he decried, not only because it was against the law, but because it was against the ethics of honorable business.

Co-operation of the newspapers in fostering home buying was strongly urged, and the best methods of meeting the competition of the mail-order houses suggested.

The speaker also considered at some length the advantages of developing trade in the surrounding rural sections, and told how Hamilton merchants had been successful in building up a large business of this nature by offering refunds of railroad fares to customers. Lima, he said, was much more a disadvantageously situated than Hamilton, as there were no large towns to compete with this city for the trade of the rural folk.

The advantage of making the retail district attractive by the installation of cluster lights placed along the streets was set forth, and other means of beautifying the business section explained. Also, how fire insurance rates could be lowered by the installation of stand pipes and other means of fire protection.

Throughout his entire address, he emphasized the need of hearty co-operation, and added that bitter opposition would probably have to be overcome before some of the reforms could be inaugurated.

Among the local merchants who took part in the discussion that followed Greer's talk were J. E. Groujean, G. L. Newson, Max Falk, C. M. Chown, W. H. Pittilla, J. E. Morris, Lester Schnitzer, D. L. Sherwood and Samuel G. Blattner.

LIMA TEN-PIN ENTHUSIASTS

Made Sorry Showing at the
National Tournament
at Toledo.

IN REAR OF ALL
FIVE-MEN TEAMS.

They Still Have Chance in
the Single and Double
Events.

Toledo, O., March 5.—The work of the Colonna team of Chicago last night when the members totaled 2,900 in the second squad of five-man teams and went into third place, aroused interest as to what they would do today in the two-man and individual events.

The rolling of the two-man events began at 8:30 this morning with teams from Detroit, Columbus, Des Moines, Iowa, and Pittsburgh scheduled. These events will be followed this afternoon by the individuals who will roll until 7:50 tonight.

The first teams from the east are scheduled to participate in the two five-man events tonight. The Brunswicks, of Newark, N. J., take part in the first squad and the Bergmans, of New York City will go on the alleys in the second squad.

Lima Men Lose.

Local bowlers made a sorry showing in the five-man events at the American Bowling Tournament in Toledo last evening, and the only hope that some of the prize money may come to this city lies in the showing that the Lima bowlers will make in the double and single events today. Fans who have watched the work of the two teams are at a loss to understand the reversal of form shown by the members of the Allen County Club and San Felipe teams, as their scores last evening were far below the average of the games rolled at the local alleys for the past month.

The two teams brought up the rear of the five-man teams which bowled yesterday, the Allen County Club scoring 2,459 and the San Felipe team 2,422, far below any score made by the teams during the last two weeks. The best score for the day was made by the Smith No. 1 team of Massillon, which rolled 2,777. The Findlay Mission team of Findlay, was third with 2,607, while teams from Tiffin finished fifth and tenth in the day's events.

Lima bowlers still have a chance to make a respectable showing in the singles and doubles today, and their friends are hopeful that they will recover from their stag-fright long enough to play at least up to their normal stride.

The Overlands, of Toledo, still top the five-man teams with 2,992, and it is not very likely that they will ever be headed, as the score broke all former records. Spence, of Chicago, leads the individuals with 658, while Mountain and Carlson, of Chicago, head the two-man teams with 1,277.

Individual and two-team bowlers from Portsmouth, Columbus and Cleveland, were entered in yesterday's events, but none of them totaled scores that will land them in the money.

A MESSAGE TO RAILROAD MEN
E. S. Bacon, 11 East St., Bathe, Me., sends out this warning to railroaders everywhere. "My work as conductor caused a chronic inflammation of the kidneys and I was miserable and all played out. From the day I began taking Foley Kidney Pills I began to regain my strength, and I am better now than I have been for 20 years." Try them.

PERMIT ISSUED FOR NEW BUILDING.

Hawisher Brothers Will Start at
Once Erection of Brick Building
on South Main St.

Clerk Harry Lawlor issued a building permit this morning to H. A. and E. H. Hawisher for the construction of a \$12,000 two-story brick building at 253 south Main street, formerly occupied by the William Hoover residence. Work on the building will start as soon as possible.

The first floor of the building will be designed for an automobile garage and salesroom, the Hawisher brothers having the agency for the complete line of Studebaker cars. The salesroom will be located in the front, while a thoroughly modern and up-to-date garage will be built in the rear.

According to present plans, the second floor will be used for flats, of which there will be four in number, elegantly finished and equipped with all modern improvements.

The site was purchased by the Hawisher brothers from William Hoover several weeks ago, the purchase price being \$13,000.

LANDDOWN FUNERAL.

The funeral of C. K. Lansdown will be held at the South Side Church of Christ, at 1:30 o'clock Thursday afternoon (instead of 10 o'clock as previously announced). Brother P. D. Pettis, V. D. M., from Dayton, officiating.

NEW FEATURES ARE PLANNED FOR CLUB.

Hotel Norval Management Will Provide Private Dining Room for Transportation Club.

Among other innovations planned in the improvements of the Hotel Norval, soon to be begun, is a private dining room adjoining the room on the parlor floor used as a club room by the Lima Transportation Club. This room will be built exclusively for the use of the members of the club and their out of town guests, who can assemble there each day for their noon-day lunch.

The club room has been equipped with files of the leading transportation and railroad periodicals, and magazines, and has already proven popular with the local membership. The room also furnished an excellent place for conferences between members and their guests, and is being used to good advantage for that purpose. Improvements to this room will also be considered when the remodeling of the hotel begins.

The March meeting of the club, to be held in the club room this evening, is largely in the nature of a business session, and no social features of unusual interest have been planned. A. T. Ward, first vice-president of the club, will address the members on the subject, "Express Companies and the Public," which will be followed by an informal discussion of the subject. A number of out-of-town members of the club are expected to be present.

GYMNASIUM FOR THE LIMA POLICE.

Locker Room at Police Station Being Equipped With Apparatus for Physical Development.

The police locker room at the public safety building is being fitted up as a gymnasium for the use of the members of the police department, who are defraying the expenses of the cost and installation of apparatus for physical development. A punching bag, Indian clubs, dumb bells, chest weights, and other paraphernalia will be installed as rapidly as possible.

Athletic training will not be compulsory, but from the interest being manifested by the officers, it is safe to say that the majority of them will take advantage of the opportunity to improve their physical condition. The locker room is already provided with shower baths, so that conditions are ideal for the new gym.

The idea originated with Chief Earnst, who is striving to bring the local police department up to the highest standard of efficiency and service. The gymnasium is a feature of all metropolitan police departments, and Lima will not be behind in this regard.

ASSOCIATED CHARITIES.

The ladies of the Associated Charities will meet at the Memorial hall, Thursday morning of this week from 9 to 12. Instead of Friday, to give out clothing and supplies. By order of secretary, Mrs. Albert Gale.

IN A SIREN'S POWER!!

The feature attraction at the Royal today is an interesting story of a man's downfall, repentance and forgiveness. The feature treats of views behind the scenes, a husband's yielding to the charms of one of the stage beauties, his discovery, his wife's desertion, her securing employment as a phonograph record singer; the erring husband's restoration to his senses by hearing the record later. Full of life and replete with pathos.

A lion picture as well as a comedy film complete. An unusually good bill. Follow the crowds.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by all dealers.

POLICE ASKED TO CO-OPERATE.

With Merchants in Breaking Up Thieving Practices of Small Youths.

The local police department has been burdened with complaints from local merchants during the past few days relative to the practice of young lads of picking up small trinkets in stores and rushing out before they could be apprehended. The time chosen by the small boys is generally between the hours of four and five o'clock in the evening.

The police will co-operate as far as possible with the merchants in breaking up the practice, which if allowed to go on unchecked, would end in more serious misdemeanors. It is thought that the lads do not realize the seriousness of the offense, and that police interference will accomplish much good.

MISS BLAND HAS RETURNED FROM THE EAST.

Miss Bland, who has conducted a millinery store in the Masonic building on west High street, has just returned from the east, where she has been in attendance at the big millinery showings, and while there purchased her spring stock, which will be on display in her rooms next week. She has an exceptionally large assortment for this season.
